

TODD FISHER

Todd,

at the beginning of the year I thought you were strange. But the only reason I thought you were strange is because you were so nice. But that is the way it should be. You know Todd if all the Boys at Hoover had a personality like you every one would be perfect. Thank you for being such a great friend. I will always remember the great memories that we have had. I just want you to know that no matter what I say about her she is still your friend. So I guess I can try and be nice!

We have had some really great times in Biology and I will never will forget those times. When ever we are and they will look back on those times and laugh until we have heart attacks. I seriously hope we have some classes together next year and we can get f's like always. Todd I hope the future brings you all the happiness in the world because you deserve it. And if Laurie ever gives you any more problems call me and I will personally kill her for you.

Love Always

The Key to Victory is

Victory at Hoover was a very common thing but no one was a winner without a lot of hard work. On any given day you could have gone out to the pools, fields and gym and watched the various teams practicing hard. Although the key to victory is hard work and practice it's also sacrifice. Many teams practiced until 5 or 6 o'clock, rushed home to do homework then hurried off to work. It was amazing that they could keep up their social life. But somehow everyone managed like they've done for years and will do for years to come.

Hard Work and Practice

The Key to Friendship

The key to friendship is determined by common interests. However, lasting friendship is mutual understanding.

Most students know many people to whom they refer to as friends. However, the true friend is that person who will understand and appreciate feelings. Unfortunately, friends like that are difficult to find. One true friend in a lifetime is about all anyone can anticipate. It's that very special friendship that endures forever, whether it begins at age one or later in life.

is Mutual Understanding

The Key to Happiness is

Happiness is up to each individual person. Many people are happy just to be alive and then many people are still searching for happiness.

At Hoover many students spent their happiest moments with friends. Whether it was spent eating pizza at Me-n-Ed's after a football game, playing pinball at Blackbeards or cruising Belmont on Saturday night, it was all done with friends. For most of us our high school years will be remembered as the best and happiest years of our lives.

Whatever Makes You Smile

The Key to Prosperity is

Good Fortune and Success

Prosperity, as defined by the dictionary, is good fortune and success. Good fortune and success are states of mind. Some people feel that to be successful is to be alive and happy. Others feel that money and position in life represents success.

For many Hoover students the key to prosperity is education. They feel that going to college, studying towards a career, securing an important position and making money is the way to be successful. Other students believe that getting married, settling down and having children is the way to be successful. Neither is wrong. Therefore, the key to prosperity is good fortune and success whatever that means to the individual.

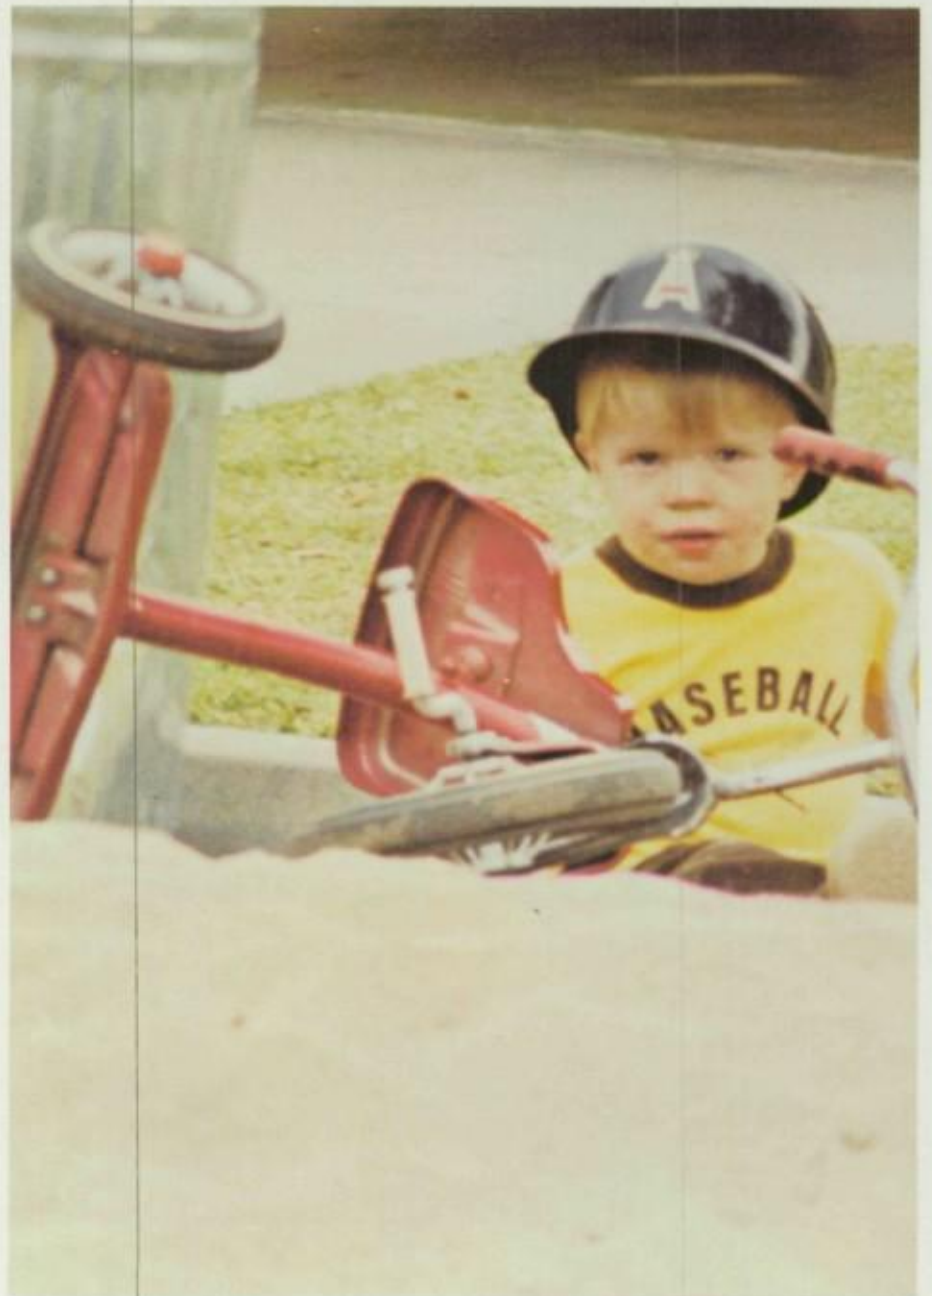

The Key to Life is

The key to life is believing in one's self. The little boy who falls off his tricycle cries, but he gets right back on and keeps trying until successful.

Unfortunately, as little kids grow up, they sometimes lose the will to keep on trying. Of course, as they get older they are faced with more difficult problems than learning to ride a tricycle, but the will to succeed should never change.

Many individuals do keep trying and obtain goals they set for themselves. They seem to know where they're going and are extremely happy. They've achieved their goals and set new and even higher goals. These are the people who inspire others. They're the ones to admire.

Believing in One's Self

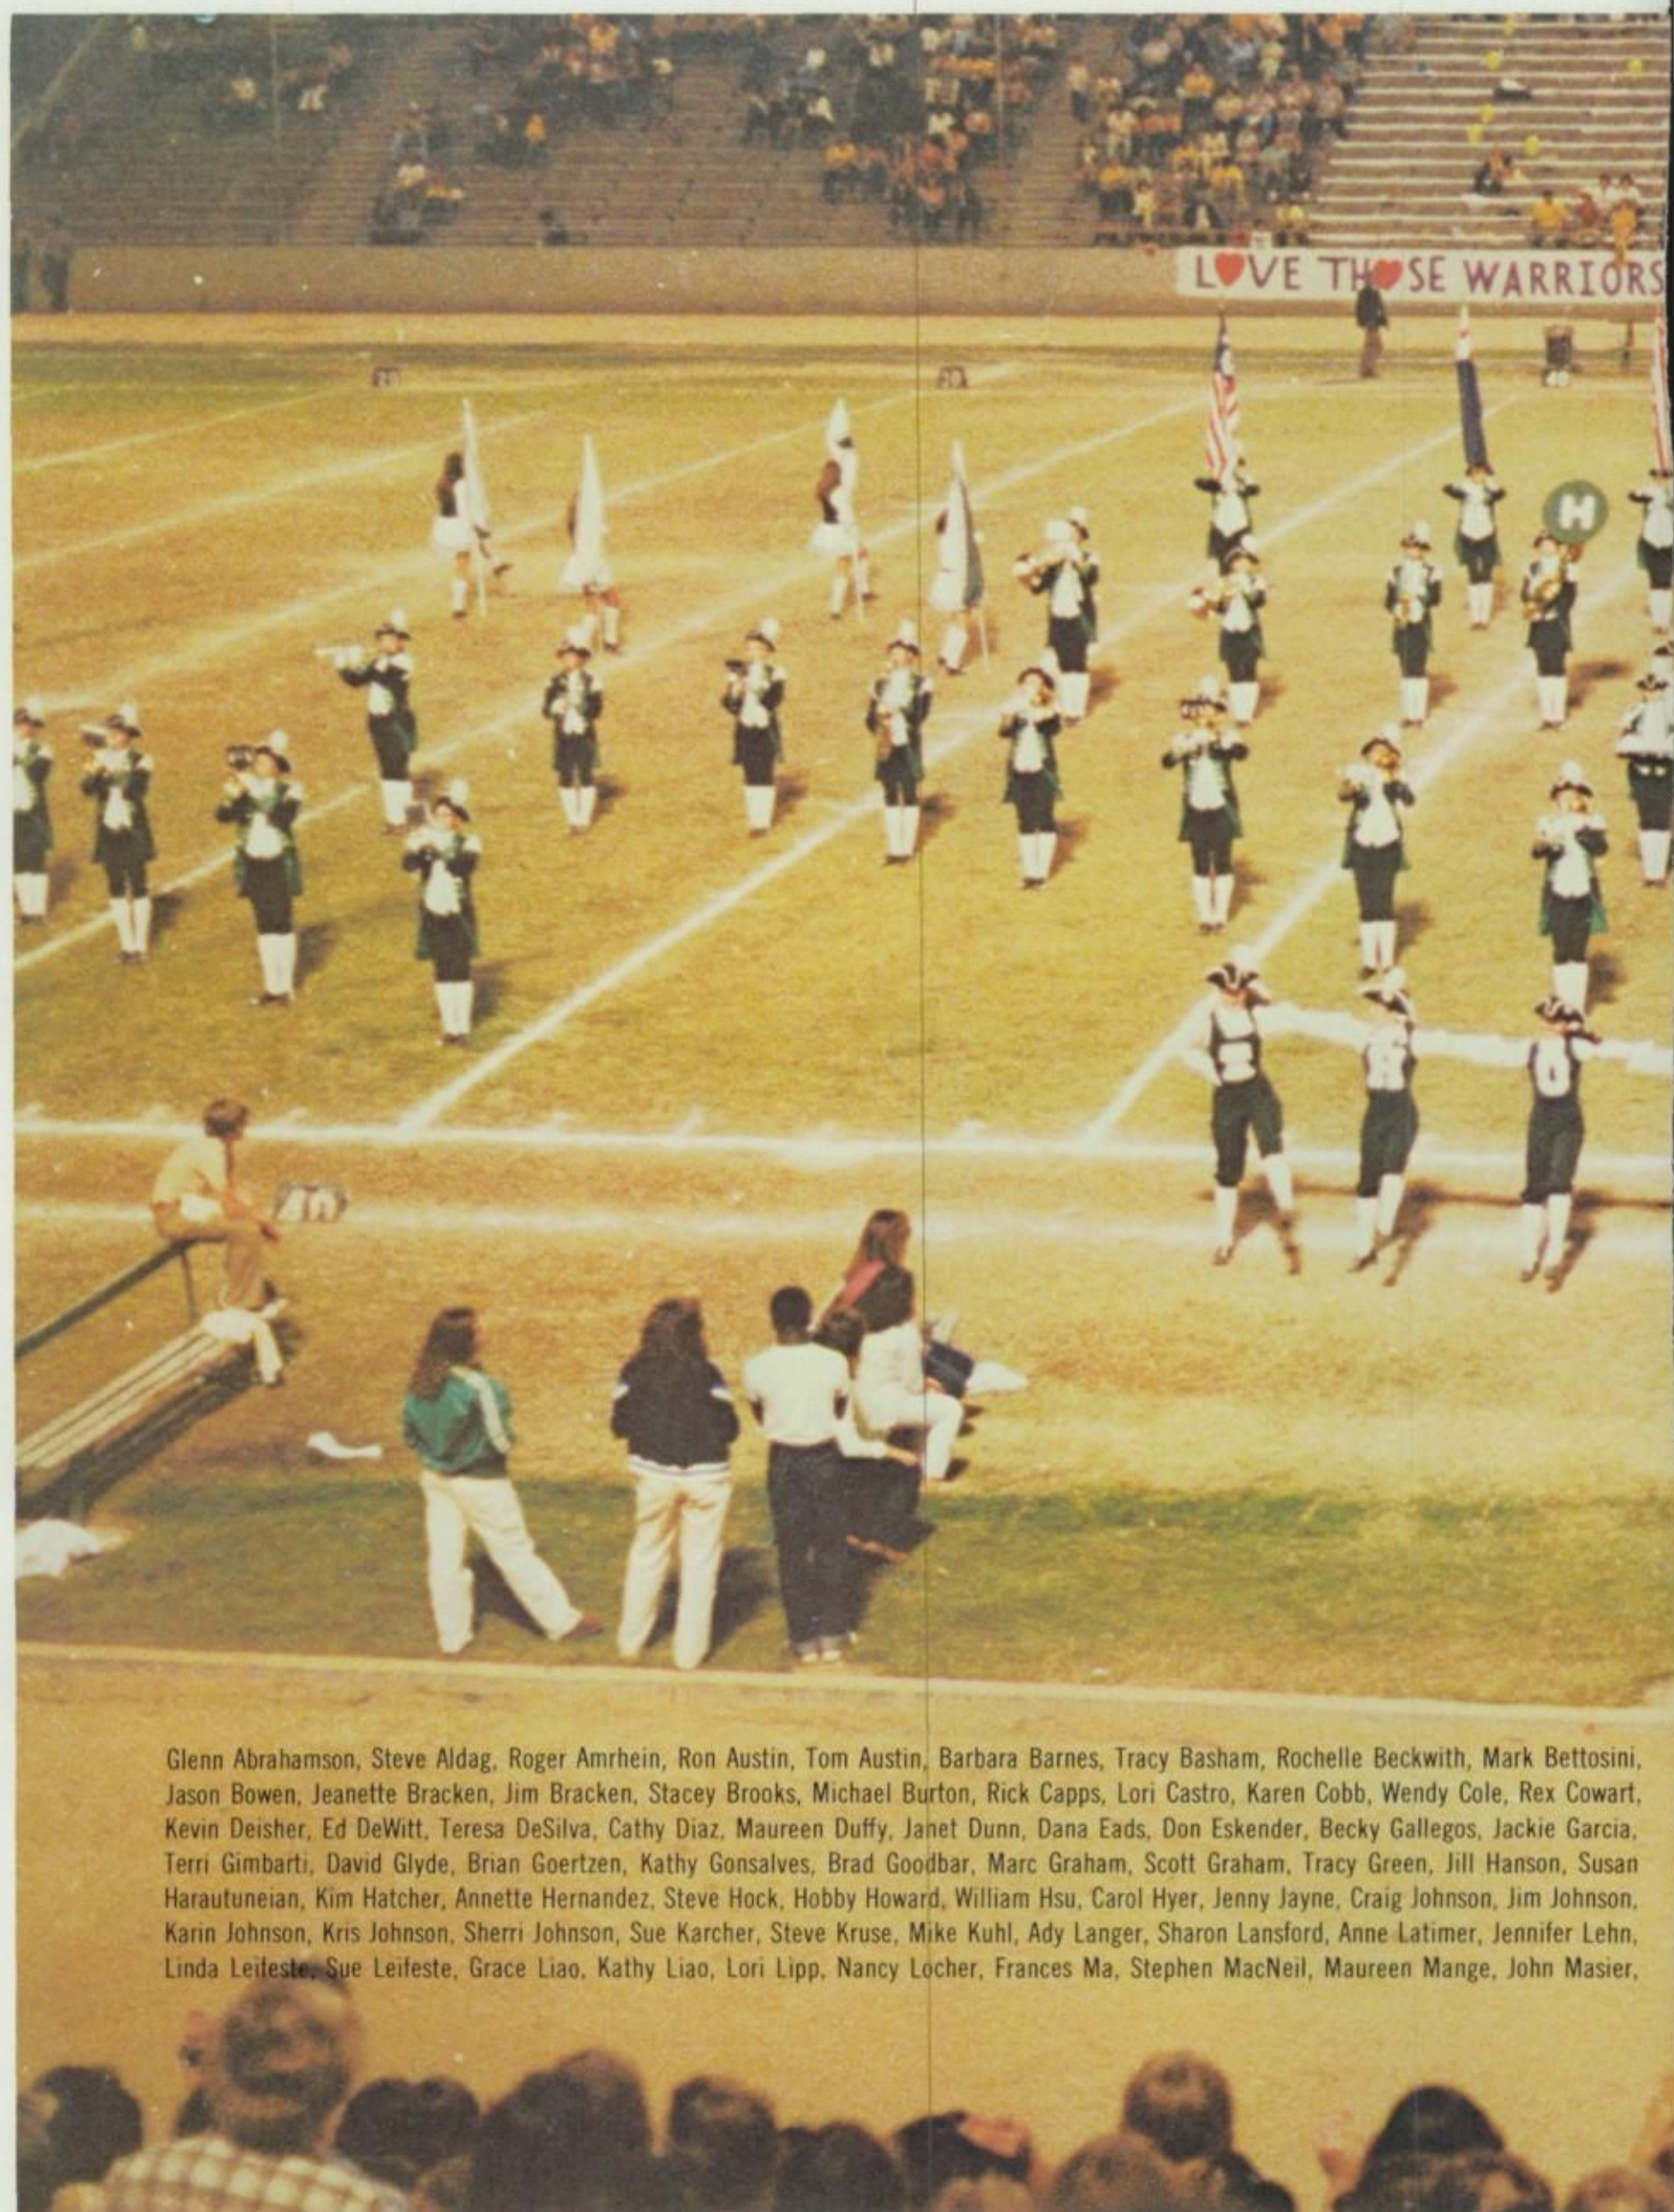

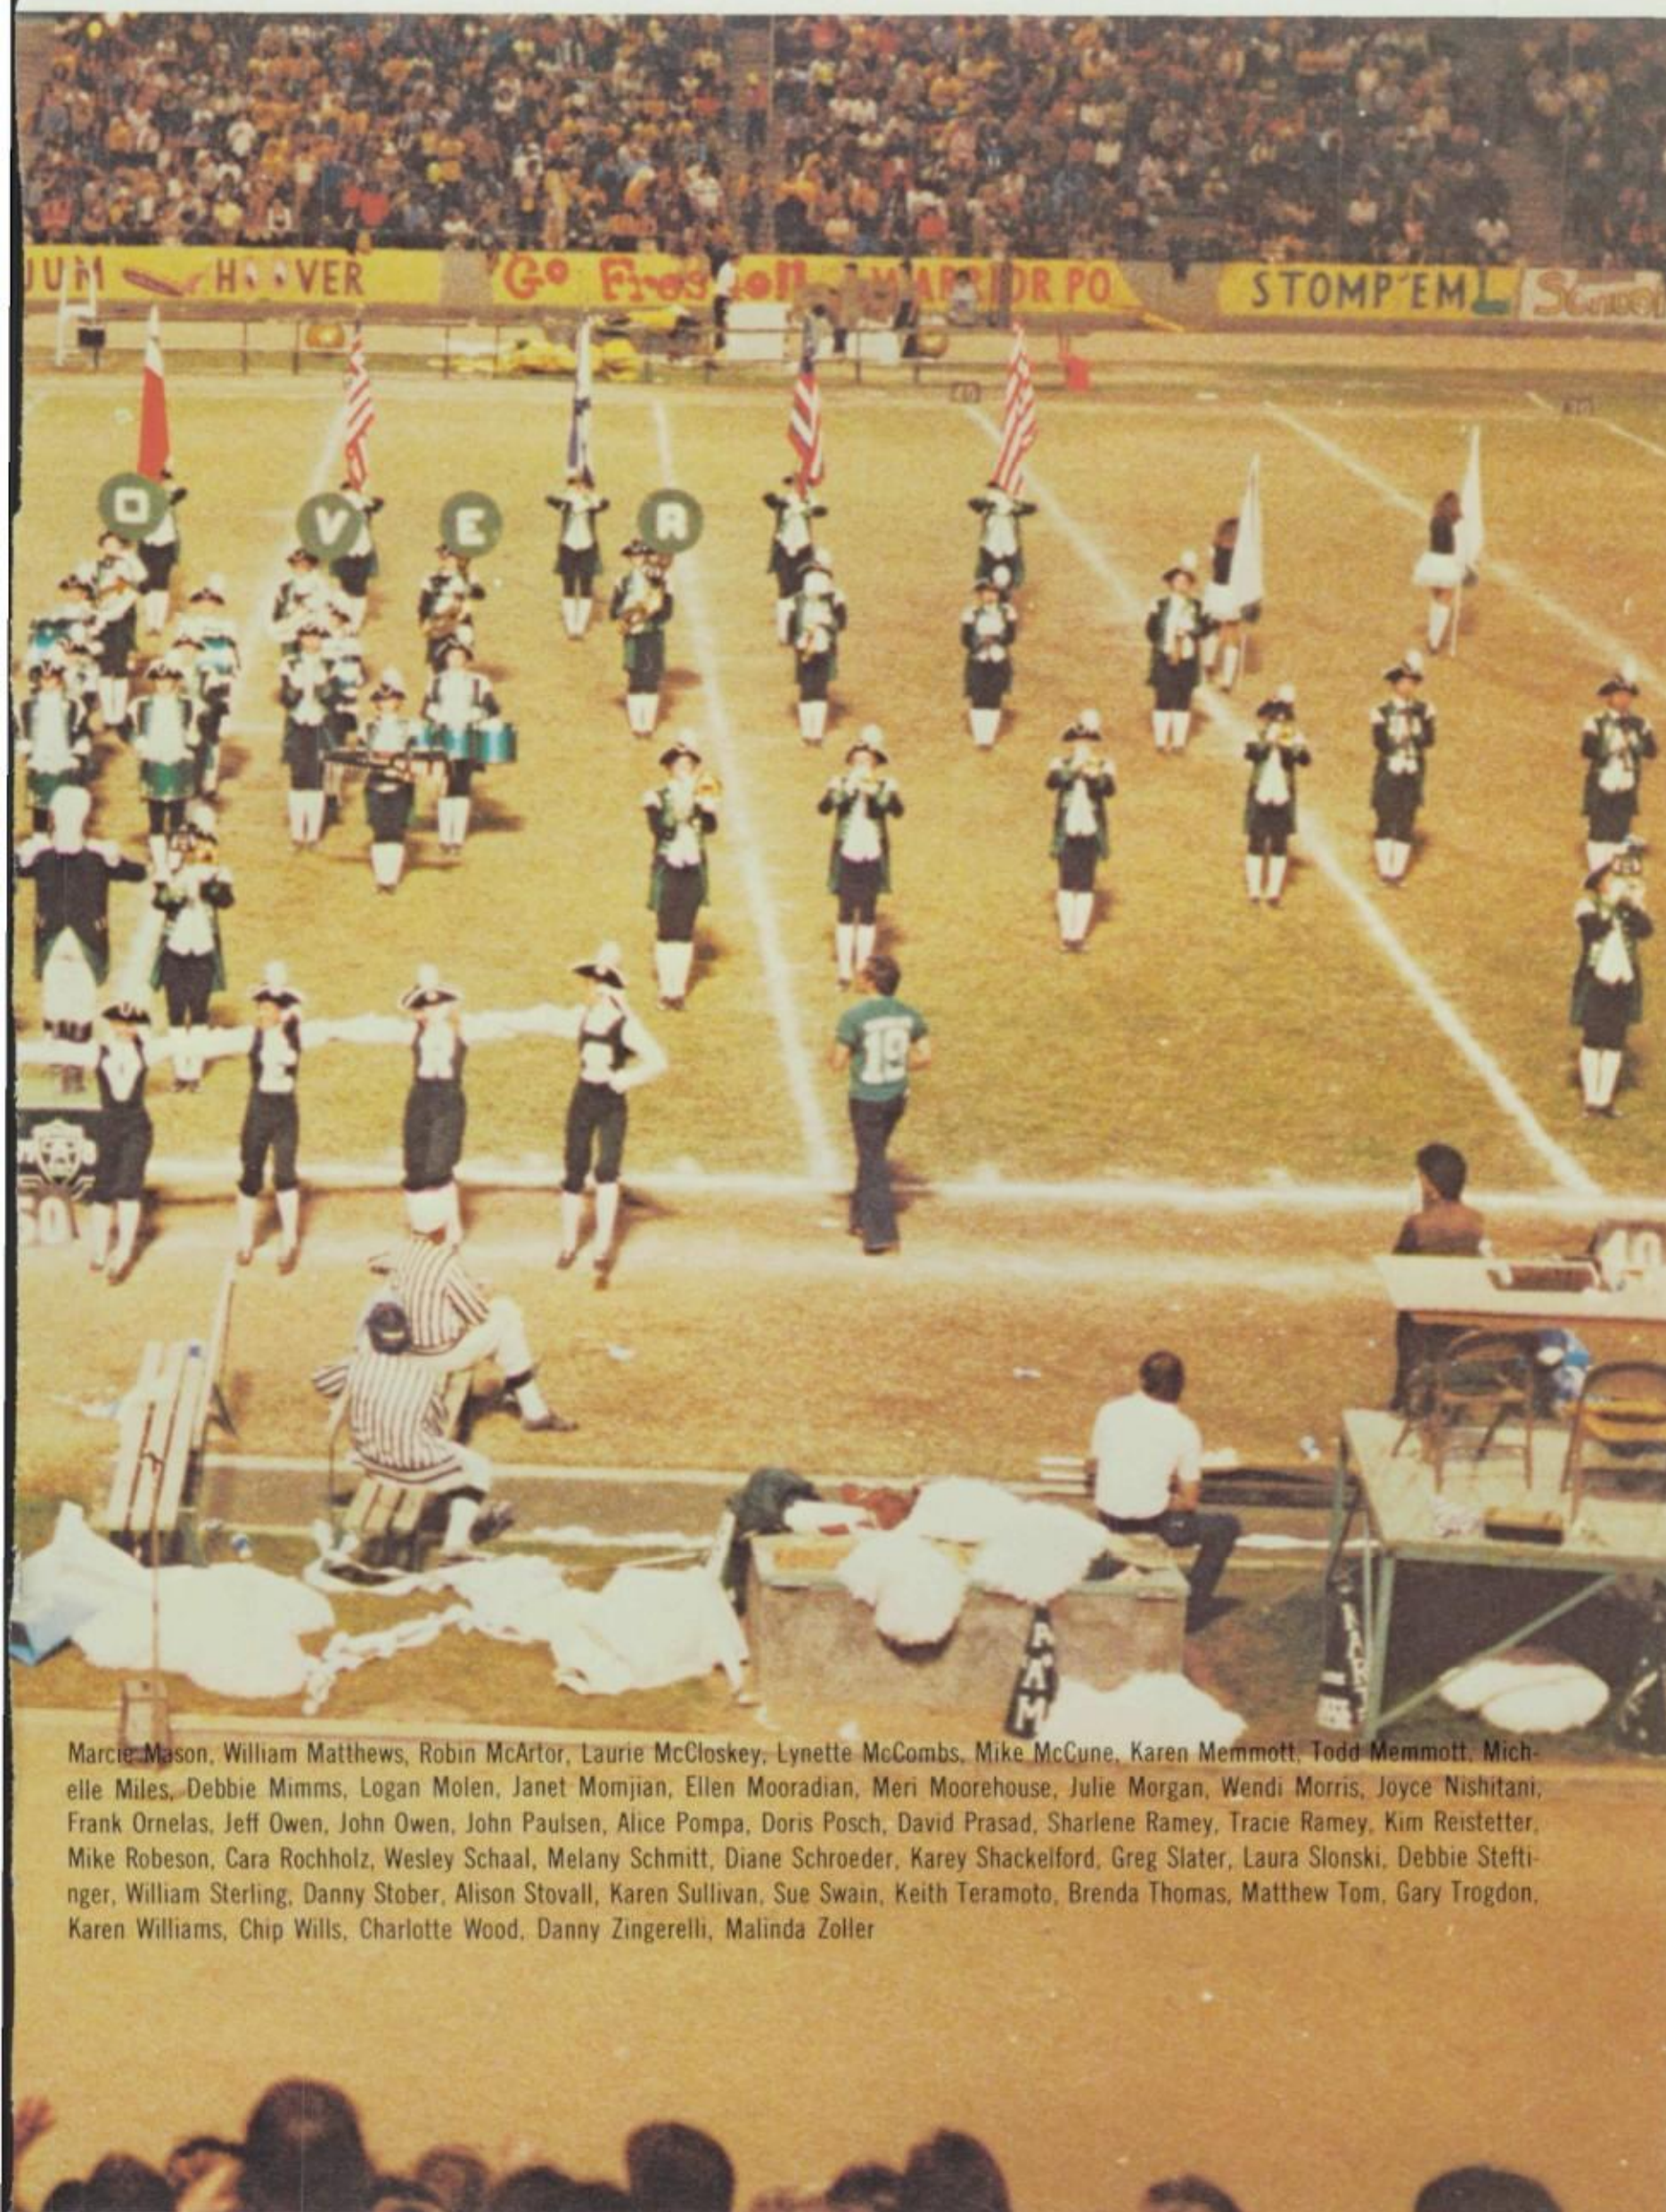

Fight Song

Fight on for Hoover
Fight with all your might
Fight on to win oh Patriots
Raise the Green and White
Fight! Fight! Fight!
Fight on triumphant
Till victory's in sight
We'll be loyal
Evermore to thee
For victory let's fight

-Todd-
It was really fun in
P.E. This year, even
though you didn't dress
out that much. I am
glad that I got to know
you this year, you are
a really sweet guy.
Maybe we will have
some more classes
together next year.
Hope that your year
at Hoover was good,
and that the next
two are even better.
Hope you have a
nice summer.

Varsity Knows How

Hoover started the year by beating Hanford, 14-10. We continued a good season with only 2 losses. One against arch rival Bullard, whom we have lost to for several years now, and one to Clovis.

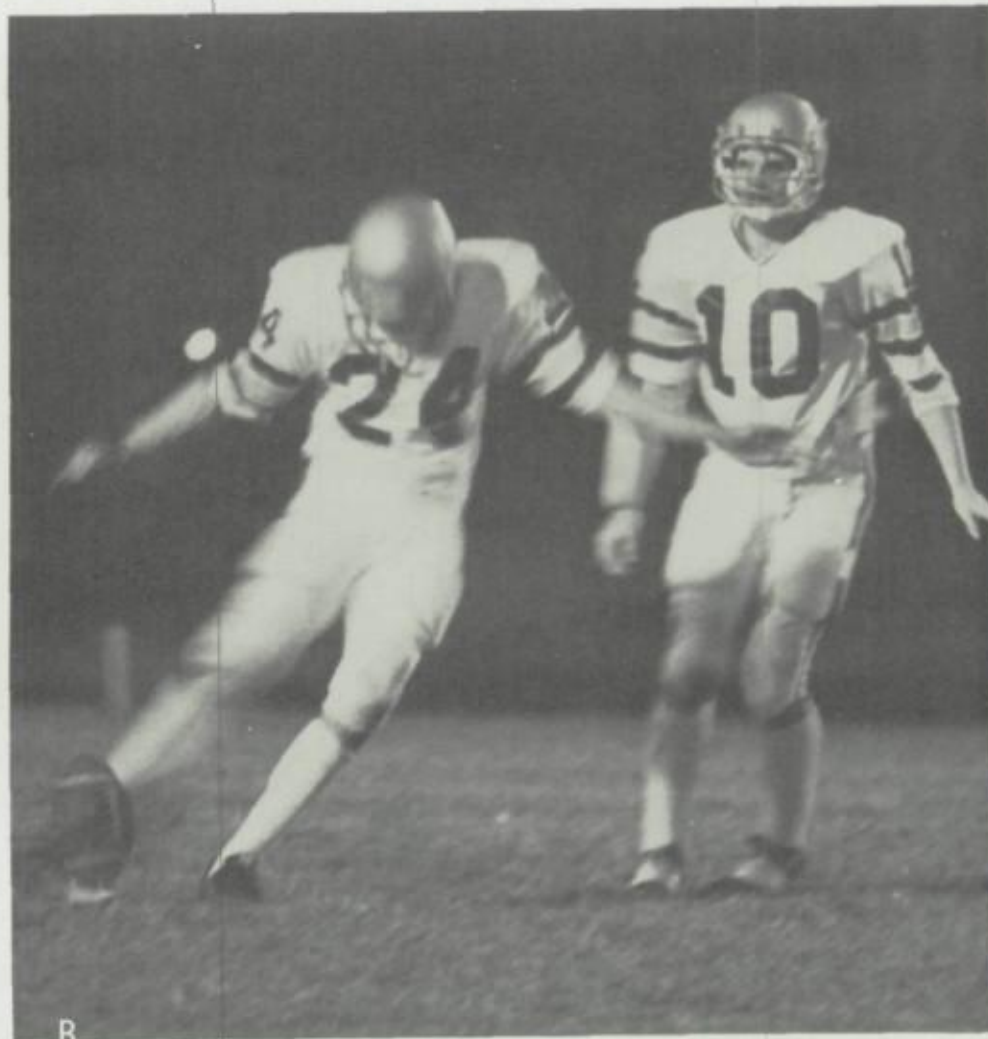

The Madera game and Clovis West game were probably the most exciting ones of all. Madera ranked #1 in the valley at the time and Hoover was unranked when we beat them 14-12. Hoover finished up in 2nd place in the NYL along with Bullard, but due to the defeat by Bullard early in the season, Hoover couldn't go to the playoffs.

The Team captains and offense and defense leaders were Scott Sipe and Jerry Salazar.

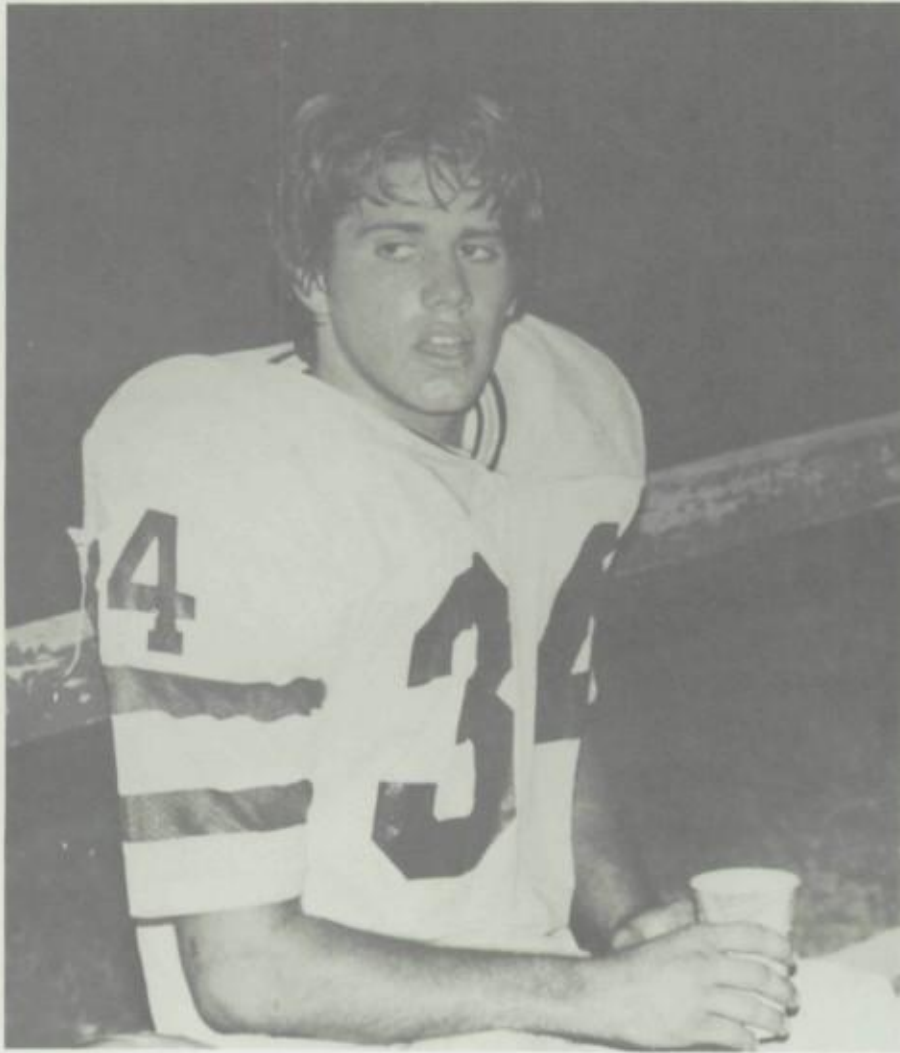

We surely will miss our great seniors, but we have high hopes in our juniors and our up-coming sophomores.

So everyone keep your spirits up, and we'll win the Bullard/Hoover spirit banner and beat Bullard too!

J.V. Takes 3rd

Teamwork was the power behind J.V. Football this year. They were very strong, hard working, and determined.

It was always a head to head battle in the fourth quarter. For example, in the game against Madera, Rod Murray caught a 60 yard pass from Jody Allen and ran for a touchdown with less than two minutes to go. The outstanding players for the season were Jody Allen, Rod Murray, Paul Martinez, and Robert Fernandez. The J.V. team, coached by Tom Withrow, finished their season with a 5-4 record.

Madera won the combined N.Y.L. east and west with an 11-0 record. Hoover was second after beating McLane, with a 10-3 record. This was the first year that the North Yosemite League was split.

The Hoover J.V. volleyball team had a very good season. Winning all their games except two, they tied Clovis for the NYL. Coached by Mary Yarborough, the team improved more in every game. The girls all got along well and many are returning next year to defend the title. This is the second year the J.V. team has tied for NYL championship, and they plan to keep the tradition going, hopefully to win without a tie.

Who's the best? HHS!! The varsity water polo team showed their stuff to prove it. Coming back this year stronger than ever, the Pates treaded on to NYL victory! With so many terrific players on the team, the opponents had little chance to get past Hoover. The Patriots, with skill and effort, downed Clovis by beating them in their own pool, being the first school to ever do so. With great coaching from Dale Hammel and assistant Dave Gleason, Hoover's H₂O poloists captured the NYL Title and placed second in the valley, finishing the season with 21-4 overall. Congratulations, Pate poloists, for a job well done!

This year's junior Varsity water polo team was unbeatable! With standouts Tom Gleason as goalie, Tom Robinson in defense, and Joe O'Keefe in offense, no one could beat the incomparable J.V. Pates! These individuals, however, couldn't win by themselves. It took a concentrated effort by all the team members. Their desire to win and to be number one were the reasons why Hoover's junior varsity polo team remained undefeated!

Pate kickers really showed their stuff this year. Under the direction of first year Varsity soccer coach Mr. Petrosian, the team was high on the list. The most exciting game was definitely against Bullard. Patriot soccer players really came through to beat Bullard, whose players had already claimed the victory even before the game. Through effort, time, and lots of good old Patriot spirit, Varsity Soccer did a great job . . . AGAIN!

The girls played against good, hard teams, not to mention in the rain and mud. The coach was Tom Metry, obviously someone who knows what he's doing. Hopefully he'll be back next year, with some of this year's players. We of the Memoir staff are proud, as is all of Hoover, of the 1979-1980 Girls' soccer team.

Under the direction of first year Varsity coach Tom Smith, the Pates were the surprise team of the NYL this season. Pre season predictions had Hoover in the cellar of the NYL race, but instead of the cellar Hoover was struggling at the top. Hoover proved to everyone that they can beat anyone no matter how big!

This year's Varsity Basketball team was really good. Not only did they have talented starters, but also exceptional stand in's. Congratulations Coach Smith and Hoover's Varsity basketball players!

J.V. Shoots for

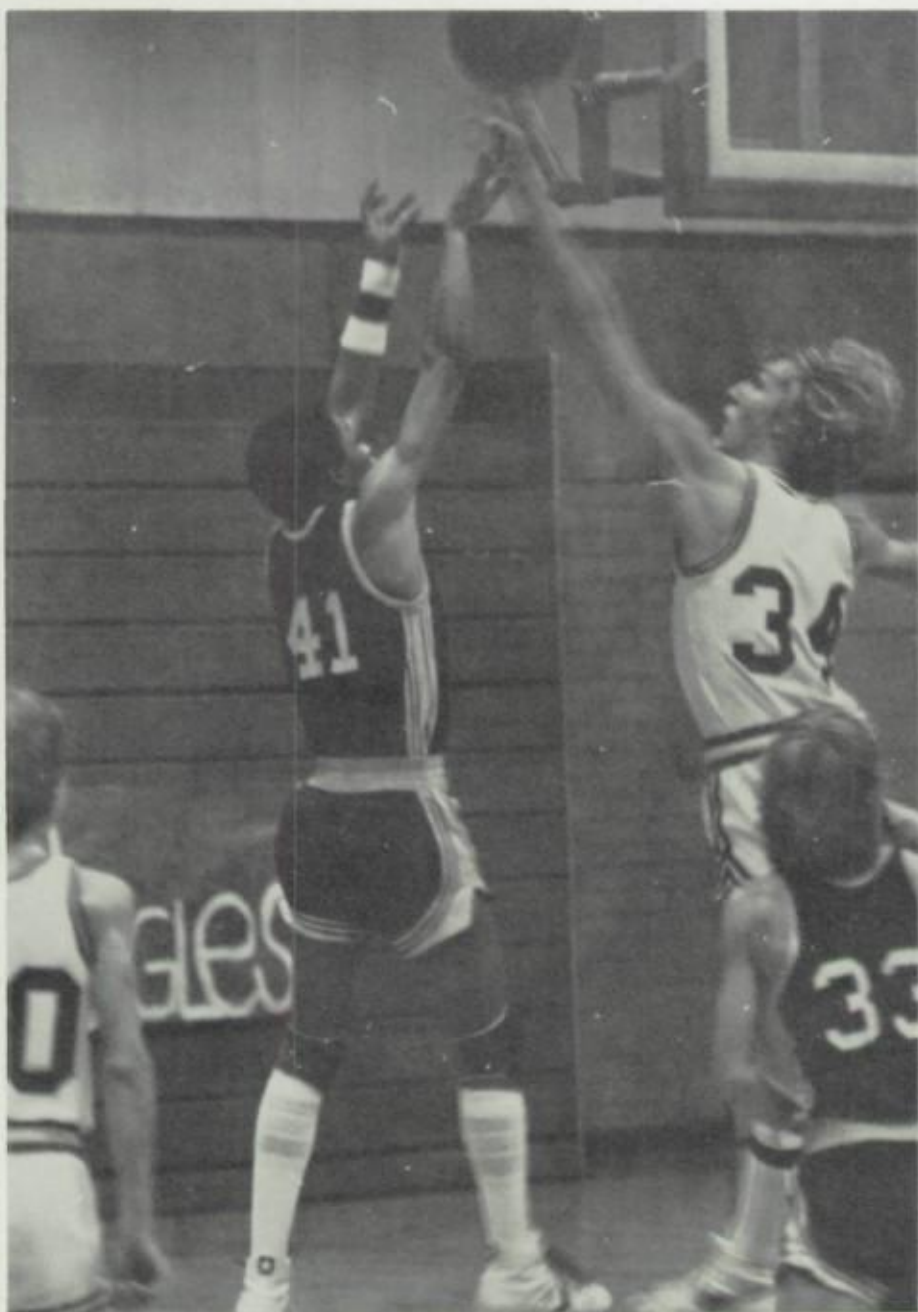

This year the Junior Varsity Basketball team had a great season. They had many close, exciting games with a lot of fine shooting. This was Coach Don Robinson's first year as J.V. Basketball coach and he did a terrific job. Determination and team work was the key to their victories, along with good shooting and strong defense. Thanks to fantastic coaching, a lot of hard work, and dedication, Hoover's wrestling team proved to be a tough opponent this year. They placed second in N.Y.L. with two losses and eight wins.

The team was led by three outstanding seniors, Jeff Hasson, Steve Horsely, and Kevin Snider; and two outstanding juniors, Harry Boghossian and Kevin Carrera.

The season was finished by placing second in the N.Y.L. Championships.

DRIBBLE IT, PASS IT ...

The word "win" was frequently in the minds of the J.V. Pate dribblers. Their great sense of determination and well-put effort led them to a winning season this year. The team received fine performances from guards Leslie Kokx and Ashlyn Lujano, who were also leading scorers for the Pates. With the team working together, Coach Domingo's J.V. Pates finished 10-4 over all. They should be a great asset to next year's varsity team.

The 1980 Edition of the Girls Tennis Team was, of course, the best. Twenty-two girls braved the rain, cold, hard workouts, sore muscles and late matches to make it the best!

The girls planned and carried out a very successful car wash. Enough money was earned to supply the team with new warm-up suits. These, along with the uniforms the girls made, had Hoover girls lookin' good!

First year Head Coach Karen Sowby and Assistant Coach Bobbe Marsh were pleased with the progress and spirit the girls achieved. Coach Sowby played all 3 of her high school years on the Hoover Tennis Team. Welcome Home Coach!

The Pate sluggers of 1980 not only proved that they were tough opponents in the N.Y.L., but also that they had the talent and spirit to come out on top!

They showed their potential by placing third in the N.Y.L. Tournament earlier in the season defeating Clovis and Roosevelt. Former J.V. coach Hal Froese moved up this year to fill in the shoes of long-time varsity coach Jack Hannah. It was a hard act to follow but due to Froese's previous coaching experience, he was able to pull the team together and lead them to a victorious season.

THE DIAMOND!

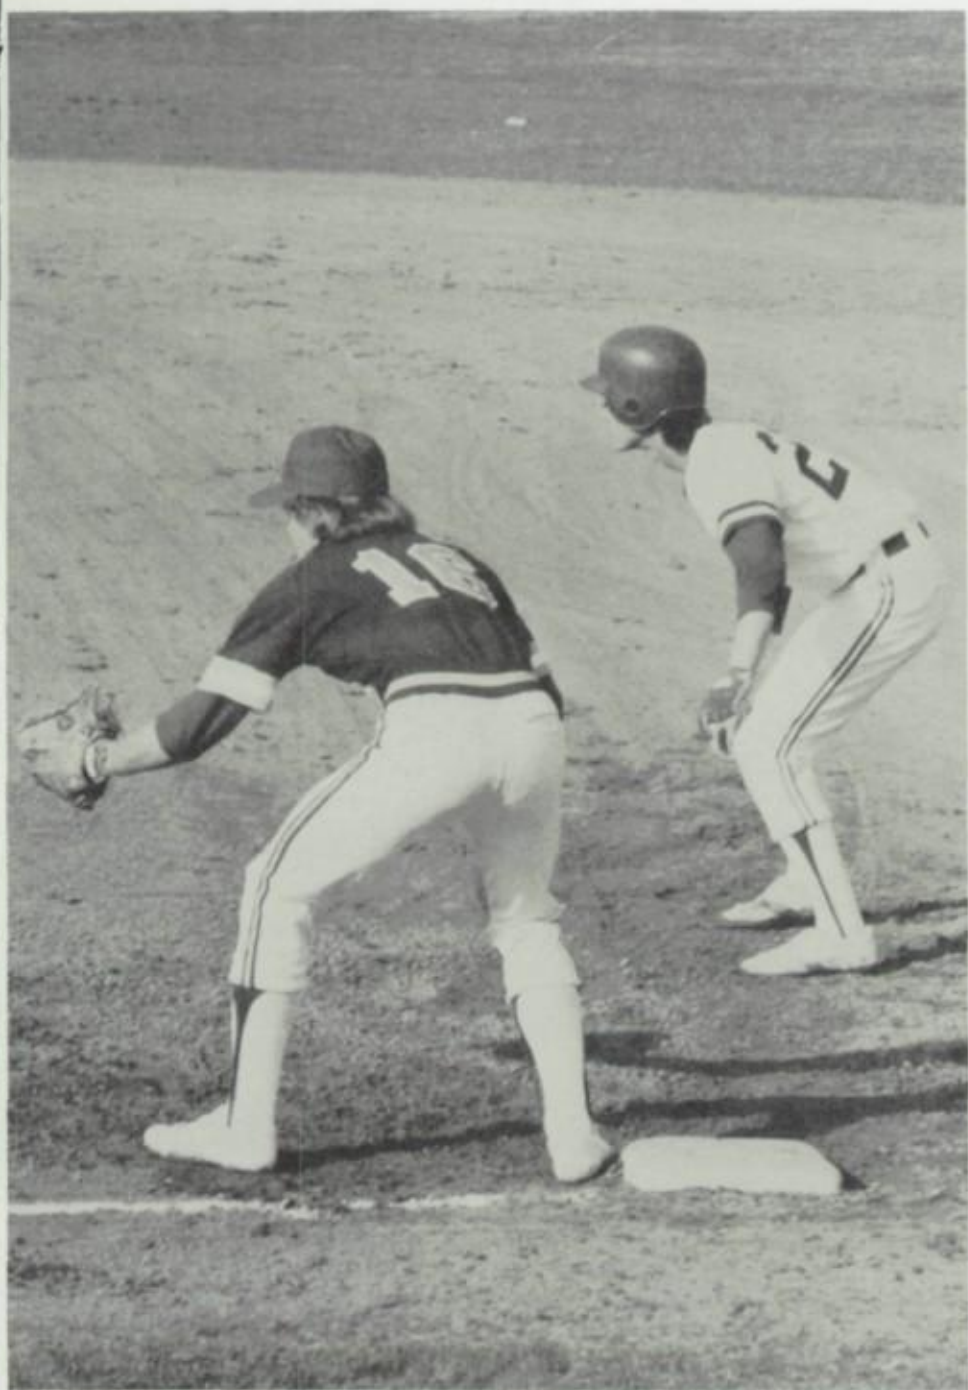

J.V. RULES THE FIELD!

Congratulations are in order to first year J.V. baseball Coach Don George. He did a great job coaching the junior varsity baseball team this year. The team was basically a small team in size, but, give them a bat and ball, and you've got a team of Giants!

They had lots of spirit and determination to be the best on the field. Working together as a team was their key to victory, because to win, it takes more than one person; it takes a whole team. Thanks, Coach George, and the entire 1980 J.V. Baseball team for a job well done.

BOYS SET UP

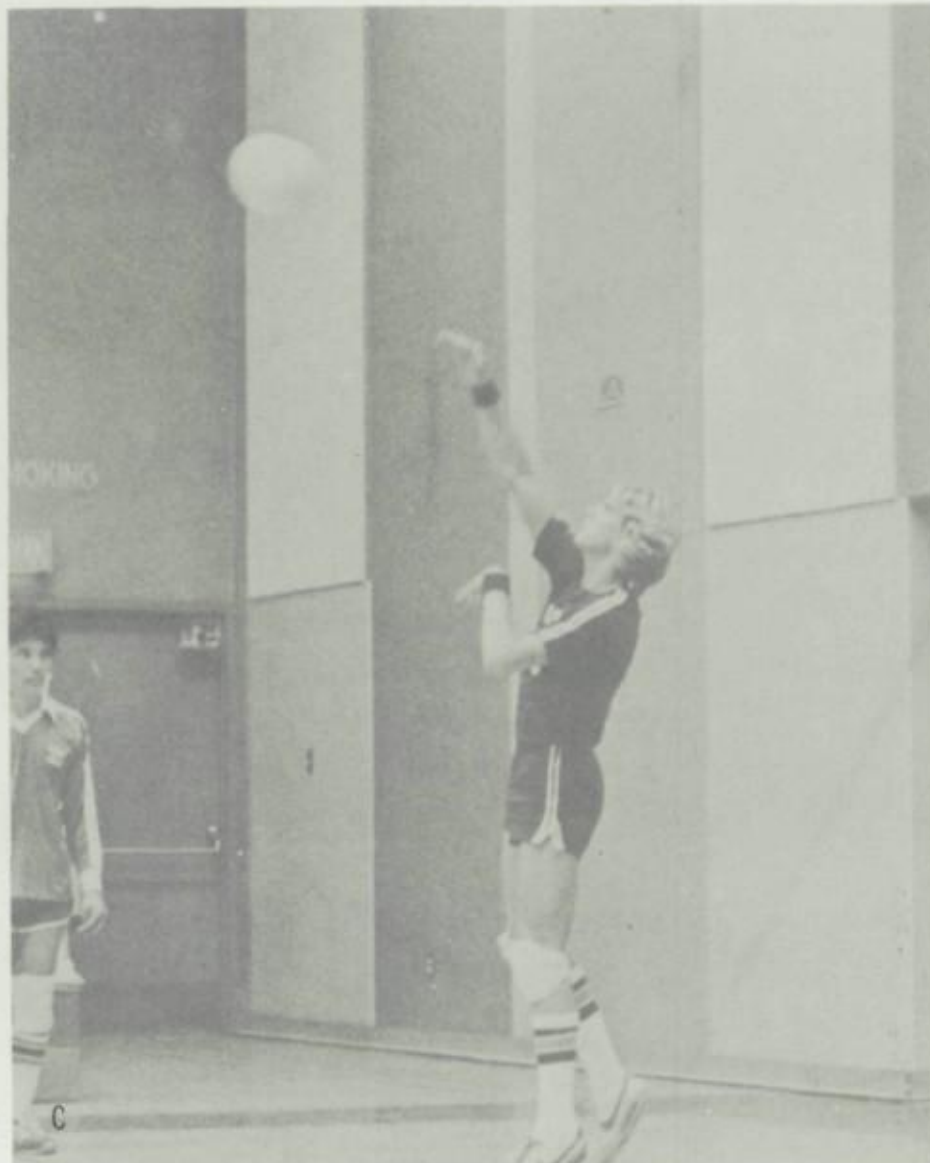

The Hoover Pates set themselves up to a winning season this year. Under the coaching of Paul Aldrich, the boys' volleyball team proved that they were superior to all the rest. Outstanding players on the squad were Dave Diaz, Bayani Laigo, and Ron Mays.

Softball runs the Bases

In Winning Form

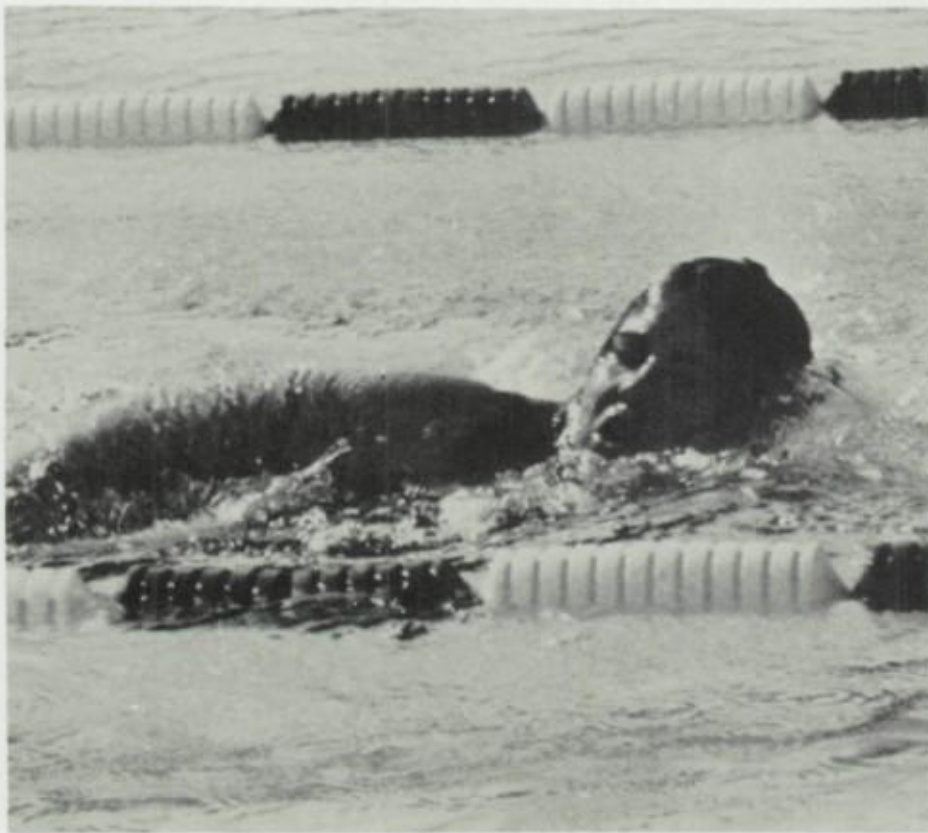

The boy's swim team had a good season this year. Their great speed and dedication is what made them so successful and also the outstanding coaching by Tom Jacobsen helped a lot. From the looks of it, we should have a very strong swim team next year.

Varsity Cheer—Leads the Crowd

The big change to fourteen cheerleaders instead of the traditional eight was to support not only football and basketball, but to also give attention to the much deserving minor sports. The cheerleaders led the rooting section in many cheers to make the rowdy rooters the loudest and most spirited cheering section around. The cheerleaders participated in many other activities such as painting signs for games, decorating the various sports locker rooms, delivering special things to team players and doing novelty skits and cheers at the rallies.

This page top: Cheerleaders doing a difficult mount. Bottom left: Marsha McQueen cheers for the team. Right: Kathy and Julie lead the basketball crowd. Opposite page top left: Pam Fudge says "Ready? Right: Allison McNeil "sings" into the mike.

This year the pep girls attended many more sports events than ever before in the history of Hoover. The main reason for this was that there were more of them to support the "minor" sports. Instead of the usual eight girls there were fourteen! Of course this made for a lot of confusion at practices but when they performed the more the better as far as the crowd was concerned! Having so many of them added to the high spirit of the crowd at football and basketball games. Congratulations pep girls for a terrific year!

Here's to You '82 Cheer

This has been a memorable first year at Hoover for us. Our cheering at the games brought us many exciting moments. Without the rooters, the games wouldn't have been nearly as exciting.

Overall, this year has been great. We hope the years to come will be as good as this.

Sincerely,
JV Cheer

A word to describe this year's Winter Formal would be "success". It had one of the biggest attendances yet at a Hoover Formal. There were 199 couples and the dance floor was never empty which proved that everyone had a great time. The band "Touch" kept everyone boogie-ing. One of the main things that everyone liked was that "Touch" didn't play too much disco. Congratulations Senior class for a terrific Formal!

Lettergirls Spell **HOOVER**

The Letter Girls added an impressive air to the other half of Hoover's fine marching band. They entered many competitions this year and came out winners. For instance, in Lodi they won first place, beating many top Lettergirls from all over the State.

Proving they're #1!

Proving they're number one was the percussion section of the band. They surprised everyone when they stood on their heads during a halftime percussion solo. That wasn't the only surprise, though. At another halftime show they painted their faces half green and half white. They carried green and white loyalty to the hilt!

Minutemen and Drum Major

Unlike many drum majors around the state, Kevin Deisher actually led the band to victory. In many halftime competitions the band director leads the band. But Kevin always directed. Therefore he led the band to halftime sweepstakes in Selma. That's something no other band at Hoover has ever done!

The minutemen this year won colorguard awards. One in the Madera Old Timers Parade and one at the Veteran's Day Parade in Fresno.

Top picture left: Minutemen carry the American Flag to the Star Spangled Banner. Bottom left: Janet Homjian, Carol Hyer, Karin Johnson, Debbie Mimms. Top Right: Kevin leads the band during a halftime performance. Bottom right: Drum Major Kevin Deisher.

Twirling with Pride

Twirling with pride were the 1979-80 majorettes. They added a touch of class while brightening up the football field at halftime. They won first place in the California State Band Revue, third place in the Surf City Band Revue and third place in Lodi.

Homecoming Frolics

Even though we lost the football game, Homecoming was very special this year. We had three exceptional class floats. The Homecoming Queen finalists, Pam Fudge, Kathy Harline, Laura Slonski, and Jill Gaither beamed with excitement. Super Pate, Chris Collier, shocked the crowd at the rally with his animal-like behavior. We were honored by the very special appearance of the 1993 Homecoming Queen Miss Kari Sowby and her escort Mr. Tray Burrows.

Spirit

Spirit Week took place during the week of the Hoover/Bullard football game. Our team didn't win the game, but the students came through with true Hoover Pride by returning home with the Hoover/Bullard Spirit Banner for the third year in a row. Student Government has been a valuable learning situation that everyone should experience, once. Working with certain administrators can be very confusing and chaotic, and seldom successful. It was discouraging to find that St. Gov. had such limited freedom, from small groups trying to control everything. I'd like to thank Mrs. Rupp and Mr. Sherkijian for all their time and effort. I'd also like to thank the senior class officers for the super job they did.

Yes indeed the class of '80 has seen the last of their juvenile days ... maybe not completely. When we think about graduation, we get really happy and excited. Seniors have class.

The seniors' big project this year was the winter formal. The theme this year was "A Touch of Winter Romance". The band, of course, was Touch.

How could anyone forget the senior homecoming float? After all it isn't often you see a 12' rocket and rainbow on the football field. The theme of the float was also our class slogan "The Class of Tomorrow."

Do you remember your first day of school as a sophomore? Everyone could tell you were a sophomore by your clumsy awkwardness, bewilderment, dumb expressions of confusion and other basic characteristics of a sophomore. Well times have changed. Now we're seniors! Most of us look and act like seniors others are still trying. In any case we're the class of 1980—and very proud of it.

Sophomore Class Officers

The Sophomores started the year off right by building a homecoming float, participating in class competitions, and painting their Christmas window. Their main fund raisers were selling concessions through the basketball season and bake sales. The Sophomores would like to thank their class sponsors, Mr. Daugherty and Mrs. Lawrence.

Ecology Club

The Ecology Club's goal has always been to educate the Hoover students about the environment around us. They try to help students understand ecology. They go on trips to the mountains, and various places. Every year they run a recycling plant. The community brings in old newspapers and bottles to a bin in the parking lot. The money made was used to buy things needed by the student body. This year, unfortunately, the plant is no longer here. It was costing the company too much money and they were going to ask Hoover to pay for it. That would have defeated the whole purpose so we had to give it back. It was a good money maker and it's too bad that rising costs forced us to return it.

S'ROINES

S'roines is a senior girls club. They never had an election for club officers, but Mame Wisniewski took over and led the club in a few fun activities this year.

S'roines big activities were kidnapping the football team and Hi-Jinx.

Today,
 It was really you
 great knowing you

 we would have got to know
 each other better. I think
 you have a great personality.
 Maybe we'll have some classes

Keeping the Spirit Up

The Rally Club was responsible for promoting spirit and enthusiasm at Hoover. Among other things, they painted posters and decorated stadium poles. Kathy Harline was the president. Thanks a lot for keeping the spirit going strong through out the entire year!

The Ticket Committee sold tickets at all of Hoover's athletic events, such as football and basketball games. Their president was Ann Christman and their sponsor was Mr. Larry Ingoldsby.

The miserable hours of headlining, editing, pasting-up and organizing that went into producing The Heritage this past year provided me and others on the staff with one of the greatest sense of accomplishment and pride that we may ever know.

The precedents we set this year in high school journalism in format and publishing have often made the work load beyond reason, but seeing the finished product every Friday made all of the work worthwhile, sometimes.

Douglas N. Honorof
Heritage Editor

Quill and Scroll is an honorary society for high school journalists. Hoover's chapter, while not an active club, did sell stuffed animals in December to fund an annual trip to the JEA national journalism conference which was held in Seattle this year. Although the club failed to raise sufficient funds to attend, it did raise enough money to buy staff t-shirts and press passes. The President was Judy Shepherd and the Vice-President was Mike Renberg.

Promoting Awareness

Promoting Awareness were the members of the Black Student Union (B.S.U.) Their effort to make this club outstanding was a tremendous success. They were also very successful in their annual B.S.U. Fashion Show and Dance which was held February 2, 1980. They also had different fund raisers such as bake sales. They attended the annual BSU Convention which was held this year in Riverside, Calif. Even though there were problems in finding a sponsor and at times they were without one, the officers did an excellent job in keeping the club together. The officers were: President, Norman Jenkins, Secretary, Korina Rodriquez, Treasurer, Dee Dee Bradley, and Sergeant of Arms, Marcus Gray and Norman Jenkins.

Top left to right: Tammye Johnson, Robin Ellis, Angie Bryant, Liz Sims, Renee Allen, Liz House, Pam Glover, Gwen Brown, Racheal Owens, Eva Grayson, Annazette Shillings, Monica Johnson, James Lee, Yvette Leffall, Dee Dee Bradley, Dwight Bibbs, Debbie Bradley, Jeanette Morris, Ray Green, Karen Washington, Eddie Reid, Norman Jenkins.

Communicating Coast to Coast

The International Club was a new organization that was inspired by a student from Hoover and a foreign exchange representative. The club has been successful in setting out what they had planned to do, which was being able to relate to other races and cultures. They were fortunate to have five foreign exchange students this year in the club. They really added a great deal of information about their own country and culture.

Left to right: Jim Bracken, Tammye Johnson, Racheal Owens, Lisa Sartor, Cynthia Stoval, Kathy Hernandez, Susan Martin, Brenda Riley, Silvia Lohnes, Karin Eberhardt, Tracy Holt, Dieter Kessler, Mike Wells, Mr. Petrosian, Cathleen McClister, Markku Bollman.

Christmas Windows

Every year club and organizations compete in a window painting contest at Christmas. This years winners were First place: Kathy Harline with "Christmas is Love". Second place: Seniors, and Third place, C.S.F.

'79/'80 IN REVIEW

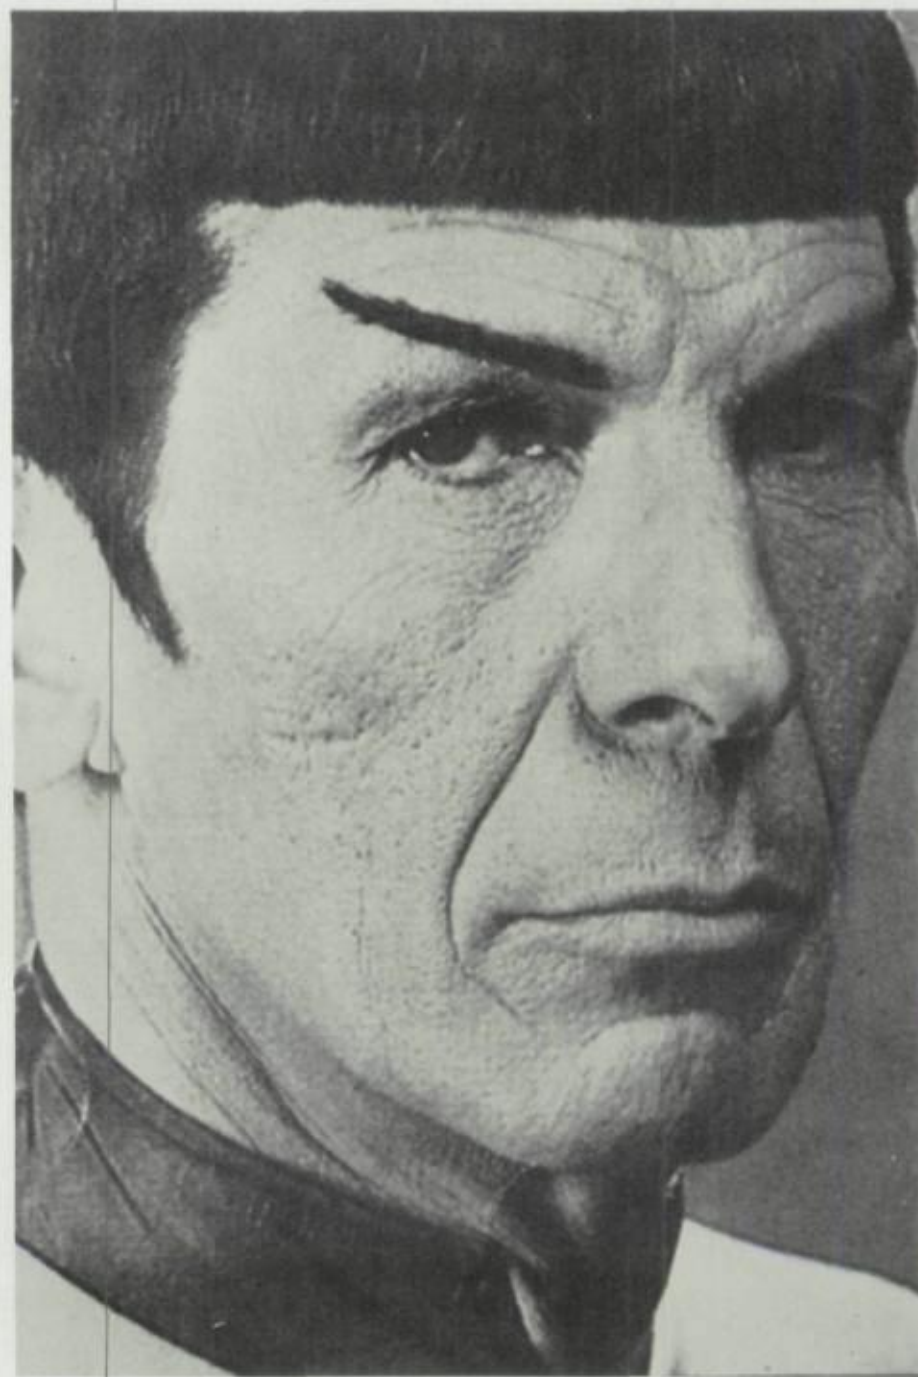

During the '79/'80 school year Hoover students were talking about The Iranian Crisis, charm holders, the motion picture Star Trek, World Series '79, George Burns, Fleetwood Mac, Winter Olympics, The Long Run, The Pope's visit, Steve Martin, gas rationing, French braids, "10", The Amittyville Horror, street skating, Super Bowl XIV, Bo Derek, John Wayne's death, '40's styles back again, My Shalona, Loni Anderson, Willie Stargell, skyab, The Rose, Erik Estrada, Russian and Afghanistan, Shelley Hack, Jimmy vs Teddy in '80, gold value soars, Alien, Apocalypse Now, Blondie, Supertramp, The Muppets, The Eagles, cowboys boots and hats, the draft, Kramer vs Kramer, and much much more!!!

The Middle East made headlines in 1979. When Kurdish rebels were executed in Iran's civil war, the oil-rich country exploded in revolution. The man who had led the Iranians for 60-years, Shah Mohammed Reza Pahlavi, was forced to flee his country for safety.

Ayatollah Khomeini then emerged from exile in France to become Iran's spiritual and political leader. He didn't settle down the country's anger. In November 1979 Iranian students did the internationally unheard of and seized the U.S. Embassy in Tehran holding America hostage.

Although the starship Enterprise hasn't explored any strange new worlds in ten years, they have not been forgotten. Paramount Pictures decided to take a risk, at the encouragement of the "Trekkies", and produce the most expensive film ever made, \$45 million!

The movie version included the same cast of original character actors that were in the series. So far critics and "Trekkies" alike are disappointed in the movie version. Their biggest disagreements are a few major roles, not in the original series, but in the movie. Too much had changed from the series and it was hard to relate that you were watching **Star Trek**.

For the 1980 Winter Olympics, the world came to America's Lake Placid, New York. The U.S.A. entered the games with the largest national team.

Eric Heiden-American speed skater- left the games with five gold medals. The American hockey team, ranked as the underdog, came away with the gold. A nationally uplifting victory.

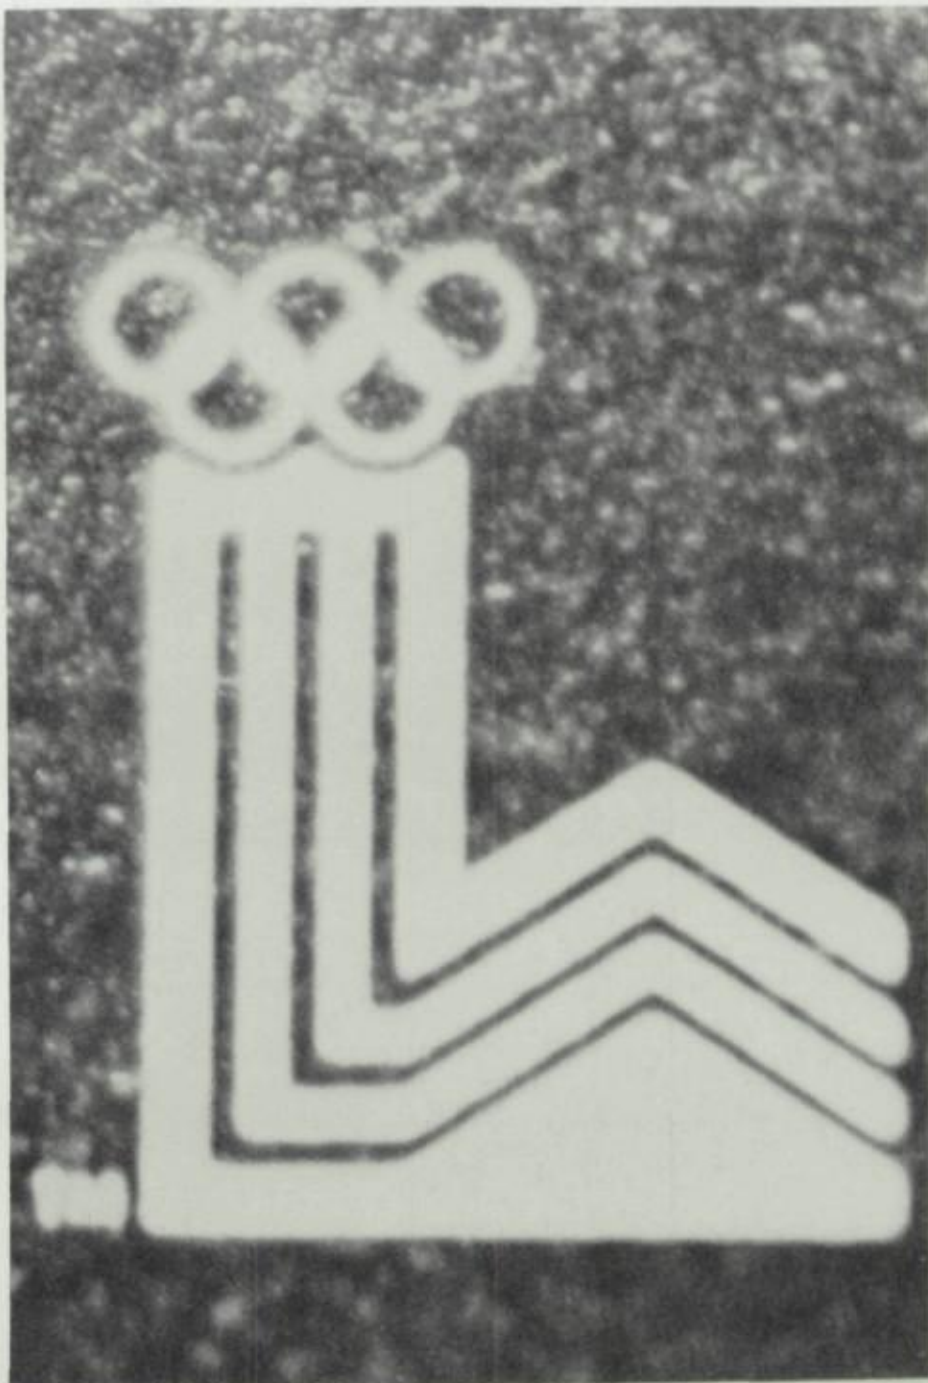

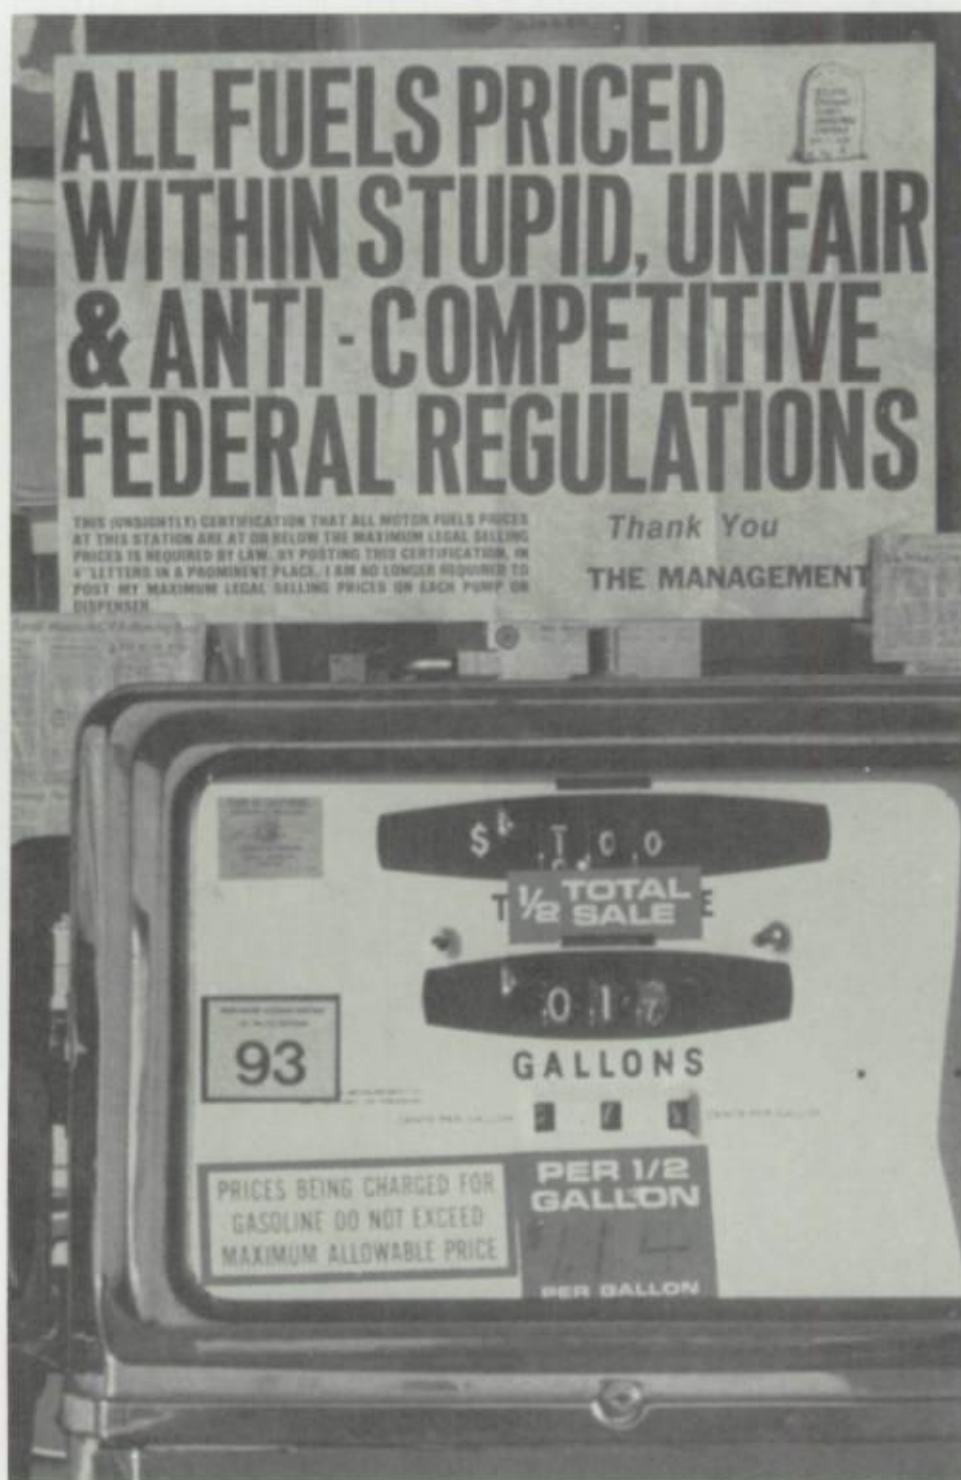

John Wayne fought his last battle. Not only on the screen, but in real life. After a long fight with cancer, "The Duke" lost his life at the age of 72.

His successful film career delighted numerous fans for over half a century.

In January of '79, Pope John Paul II went on a world tour. In October he came to visit America. He visited four leading American cities. In his oration, the Pontiff, gave new-found joy and faith to this country once again by reminding us of those famous words, "America, America, God shed his grace on thee, and crowned thy good with brotherhood from sea to shining sea."

The multitudes of Americans who saw John Paul II were left with the warm memory of a shepherd of the spirit who showed his love for life.

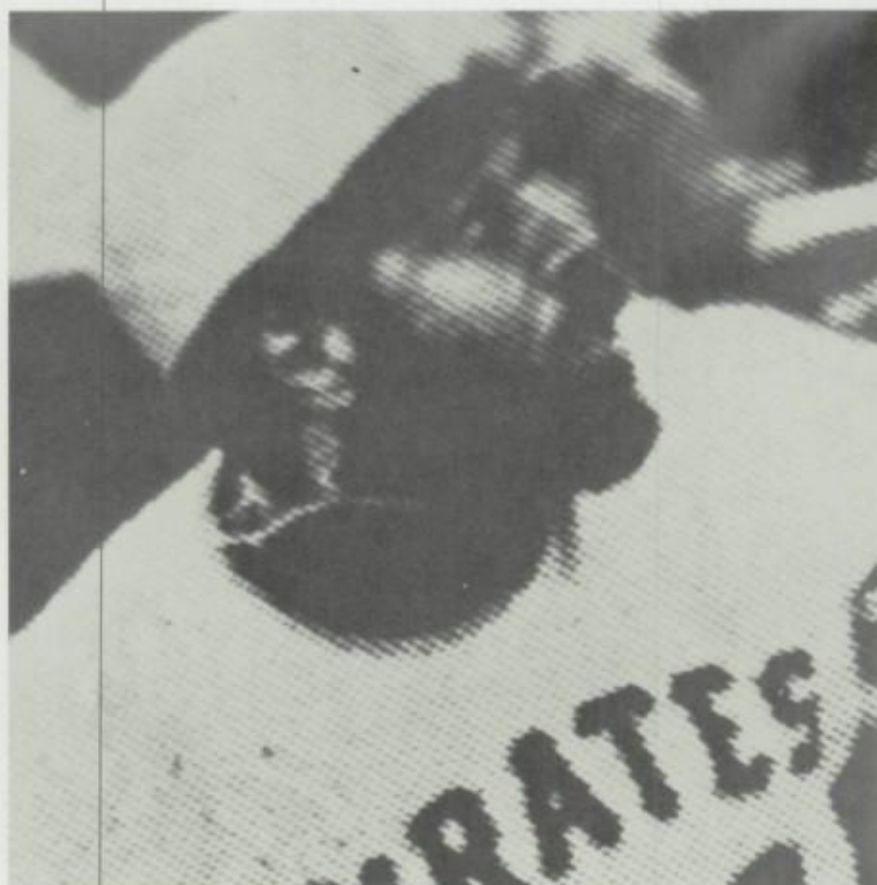

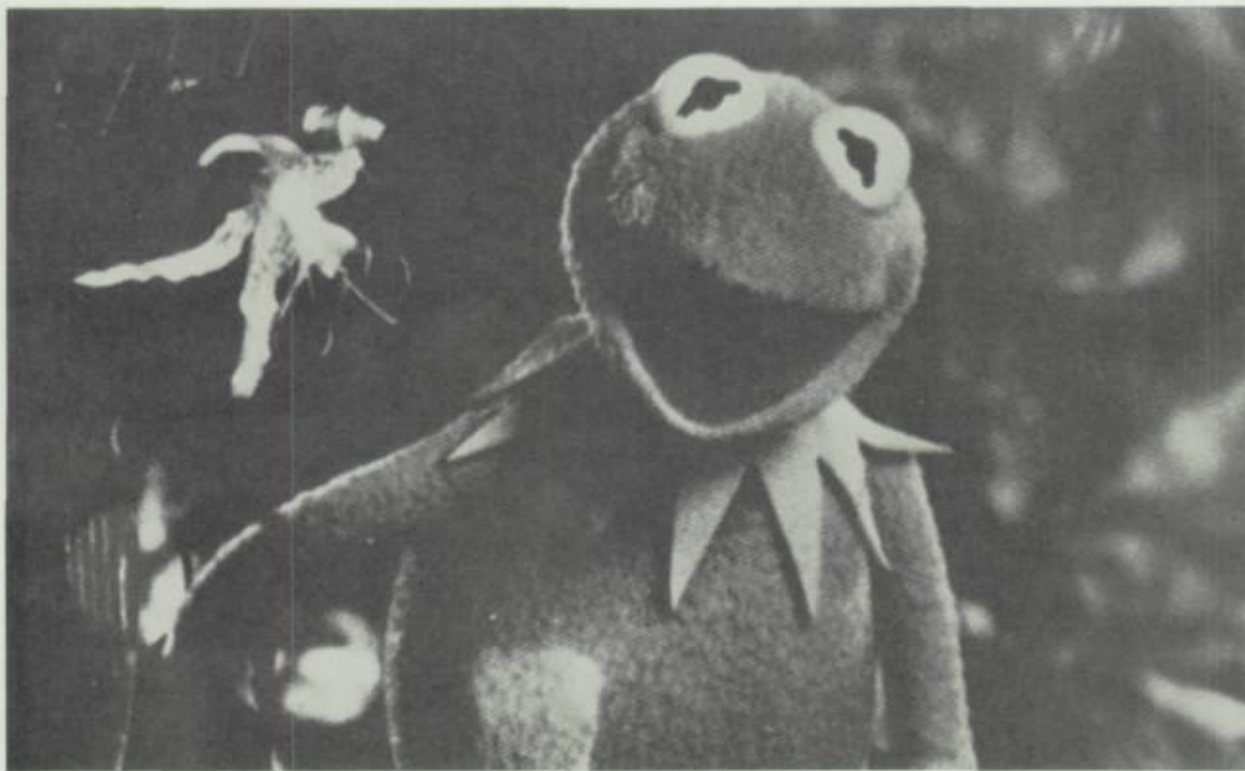

If your car needs gas you have to consult your calendar now. 1979 brought the odd/even gas rationing bill into effect.

Gas prices skyrocketed. For the first time gas prices hit and overturned the projected high of \$1.00 per gallon.

Willie Stargell, at the age of 38, led the Pittsburgh Pirates to a victory over the Baltimore Orioles in the 1979 World Series. Stargell was voted "Most Valuable Player" in this year's series. He performed superbly during the pennant drive. His statistics were 32 home runs and 82 runs batted in.

Street skating and disco skating have swept the state with popularity. There are roller skating beach boardwalks. Skating rinks have become more like discos. Even the skates have been altered. So if you like to disco dance, head on down to the roller rink and show your fancy footwork on wheels!

Jim Henson's famous muppets broke into big-time show business this year. Their debut was in the "The Muppet Movie". The movie was the story of the discovery of the Muppets. In addition to everyone's favorite pile of felt, hair, big noses, and crazy eyes, the movie included an all-star cast.

The 1979 World Series was the Baltimore Orioles vs the Pittsburgh Pirates. The Pirates took the series four games to two.

This year's Super Bowl was the Pittsburgh Steelers taking on the Los Angeles Rams. Sorry Rams fans. The Steelers took the bowl 36-12.

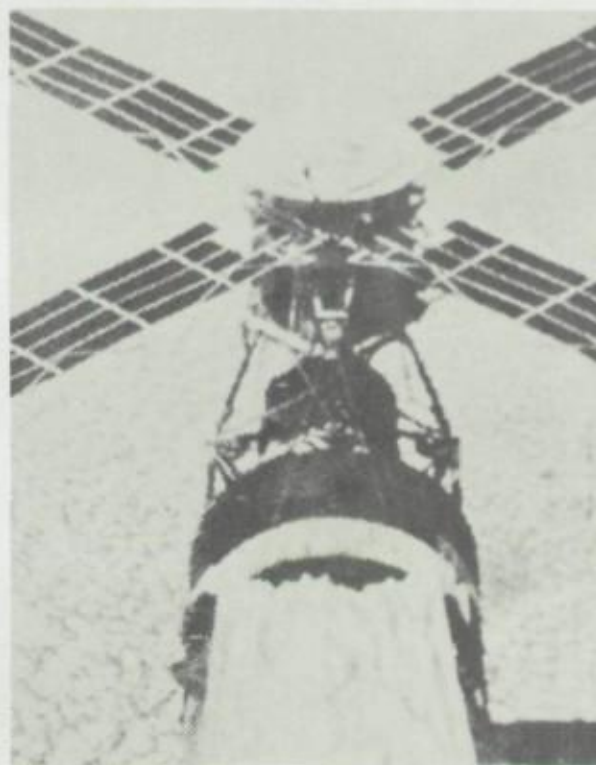

The whole world waited, wondering if Skylab would fall on them. Skylab chose backwoods Australia to make it's dramatic entrance. After 6-years in orbit, skylab sent Australians on a wild and wonderful treasure hunt for pieces of debris.

For the first time in history gold value soared to over \$800.00 an ounce.

Leap year comes every four years. 1980 had a February 29 in addition to the other 365 days.

Will the draft be reinstated? If so, will women be required to register? This is one of the many political issues faced by Pres. Carter. 1980 holds the answer to these and many other questions.

"10"-the perfect physical female. According to Dudley Moore, Bo Derek holds the title. The general public seems to agree too. As a matter of fact popular opinion has obviously welcomed Bo Derek into the 1980's as the decades first new sex symbol.

HOOVER REVIEW

NIXON RESIGNS IN '74

WATERGATE SHOCKS NATION

1972 the Watergate Hotel, headquarters for the Democratic Presidential Party, was broken into by the Republican party. A scandal was the result. Convictions were made against top U.S. governmental agents and advisors. The final result was the President, Richard Nixon, was forced to resign, and the U.S. was humiliated in front of the world.

ROOTS EDUCATES

Roots: the movie that inspired Americans to trace their ancestry as far back as they could. Alex Haley traced his family back to a young African boy named Kunta Kinte. Kunta Kinte lived with the desire to be free once again.

BEATLES SPLIT IN '71

After Brian Epstein, manager of the Beatles died suddenly, the relationship of the four men went downhill. Lead singer and composer Paul McCartney sued other members, John Lennon, George Harrison, Ringo Starr, and Apples Corps Ltd. for a previously agreed upon royalty settlement. John Lennon accused Paul McCartney of trying to take over the group. He also stated that he believed one of the main problems was since they had been teen-agers when they started together, they were growing up and apart.

Special times are many for young people in love. Edmonds knows about these special times...and has shared in them through the years. Edmonds also knows about young budgets...and makes that special effort to help in this area, too. Even if you're under 18... you can easily open an Edmonds charge account...in person or by phone. great now everyone looked at us. You were a

hopefully you will get one before me
so next year I can drive it and pick
you up from school. We have had a lot

next year because I am going to

So my Darling Todd,

I thought you were the cutest thing
on earth the day I sat down next
to you in Drivers Ed. I am so glad
I met you, you change my life completely
and I am really happy about it. We
get along so good. I think we were made
for each other. We probably wouldn't
be going around together if I hadn't
asked you to go to the football game.
I remember I was so scared to ask
you and I felt really dumb. When you
said yes it made my whole day. I
remember in tumbling you wouldn't do any-
thing cause you felt dumb, so we would
go in after school. Going out to lunch
was the funnest part of school, except
for me always being late. I'm sorry
that I was or still am mean to your
(girl) friends but I just get really
jealous. Because I love you so much.
All the Friday & Saturday nights we
stayed up till 3:00 were and still are
great. Now the movies are fun. I'll
have to admit you do get "crazy" once
in a while but I love it. Thanks
for going to the prom with me it was
a lot of fun and at Denny's afterwards
I was embarrassed and you thought it was
